No. 152.—In certain cases Government servants and non-officials are provided with free passages from India to the United Kingdom and vice versa at the cost of Government. 2. If such Government servant or non-official himself pays the cost of the passage, he does so at his own risk. The Government will not guarantee to repay to him the expenditure incurred. If circumstances seem to justify condonation of a breach of the rules, the utmost concession which the Government will admit will be the grant of a passage allowance as detailed below :—

Note 4.—The transfer of permanent servants to temporary duty will not render them servant non-qualifying for the purpose of the rule.

Note 5.—Except in the case of persons appointed on probation for a definite period, minor subscription shall not, except with the sanction of Government, be collected for a period exceeding one year.

4. The provident fund shall be formed out of, and maintained by, (1) subscriptions from subscribers, (2) contributions from the municipal council, and (3) interest derived from investments or paid from the general funds of the municipal council, etc.; and the municipal council shall be the recipient and manager of the fund.

5. Schoolmasters and other officers and servants undergoing training shall be allowed to subscribe during the period of training at the rate of one anna in each whole rupee of salary drawn by them immediately before their admission into the training institution.

Note.—In the case of subscribers on leave on average pay who serve in appointments in which regular establishments are allowed and who, under the operation of article 371 of the Civil Service Regulations, draw only a portion of their sanctioned pay, the subscriptions shall be levied on the salary they would have drawn had no deductions been made. Similarly fines shall not be taken into account in calculating subscriptions.

6. Subscriptions due shall be deducted monthly from the establishment pay bills and the deductions shall be adjusted to the credit of the provident fund accounts. Officers other than the chairman who issue cheques for disbursement of pay to subscribers shall submit to the chairman monthly a statement showing the name of each subscriber, his provident fund account number, the salary disbursed to him and the subscription adjusted on his account to the provident fund. In the case of schoolmasters and others drawing no allowances while under training, the subscriptions due shall be remitted to the treasury by the officers themselves, who shall forward the challans to the chairman.

7. The amount so credited shall, after the close of each month, be posted in a provident fund ledger to be kept in the Municipal office, from the establishment bills or from the statements or challans referred to in rule 6.

Note.—(*a*) At the request in writing of any subscriber and with the consent of the municipal council, any portion of his subscriptions with or without the contributions payable by the municipal council in respect of such subscriptions to which he may be eligible at the time, may be invested by the municipal council in a policy of life assurance in such office and for such amount and on such terms as may be mutually agreed upon in writing between such subscriber and the municipal council.

(*b*) Policies so arranged shall be effected in favour of the chairman of the municipal council or of such person as the municipal council may from time to time appoint for the purpose and shall be held, and, unless assigned over as provided for in clause (*c*), shall be realised by the municipal council and the net proceeds on realisation shall be credited to the account of such subscriber. Provided always—

(i) that every such policy shall, so long as the subscriber is actually in employment under the municipal council, belong to the municipal council and no interest therein shall during such period, vest in a subscriber on whose life it has been effected, or in his nominee, and neither he nor they shall have any right to interfere therewith; and

(ii) that the municipal council shall not be responsible for any loss or damage that may arise or result from the effecting of any policy under this rule.

(*c*) On the retirement from service of a subscriber the policy effected on his life shall be assigned over to him.

8. The contribution from the municipal council shall be equal to the sum subscribed by each subscriber during the year less such sums as have been paid by the subscriber during the period of his temporary transfer to non-qualifying service, and shall be credited to his account, if possible, before the 31st March, or whenever an account is closed under rule 14.

9. At the beginning of each month the amount deducted from the pay bills as provident fund deductions shall be remitted to the Post Office Savings Bank or any other bank approved by the Local Government not later than the 4th in the credit of a conjoint account, which shall be opened for the purpose at the chief post office in the locality. In case any difficulty is experienced

in doing this, the municipal council may remit to the bank before that date, the probable total collections in respect of provident fund and the necessary adjustments shall be made during the month on receipt of credits for the actual collections. The contributions paid by the municipal council and other sums relating to the provident fund shall similarly be credited to the Savings Bank account.

10. Out of the deposits in the Postal Savings Bank account, any sum not required for the current expenses during the year may, as funds accumulate during the year, or at the beginning of the following year, be invested

(a) in Government securities in the manner prescribed for investments in the Postal Savings Bank Rules, on investment certificate being obtained from the Accountant-General, Posts and Telegraphs, in support of such investments;

(b) in shares, Debentures Stock and Debentures of Indian Railway Companies, the interest whereon shall have been guaranteed by the Secretary of State;

(c) in fixed deposits in Presidency Banks or in such other banks as Government may approve of from time to time; or

(d) in debentures issued by the Municipal Corporations of the Presidency Towns or by the Port Trusts of Madras, Tuticorin, Calcutta, Bombay, Karachi or Rangoon or in such others as the Local Government may from time to time specially authorise.

Note 1.—Investments made prior to the introduction of these rules through the Accountant-General, Madras, shall continue to remain with him until they are required by the municipal council.

Note 2.—The investment of the provident fund balances on a loan to the municipal council is not permissible nor can the balance be drawn upon for general purposes even temporarily.

11. The account opened in the name of each subscriber shall show—

(1) the amount of his subscriptions with the interest thereon;

(2) his share of the contribution given by the municipal council with interest thereon; and

(3) the amount of all advances given.

12. (a) On opening his account in the fund each subscriber shall furnish to the chairman a certificate under his signature giving the name and address of one or more persons to whom he desires that, in the event of his death, the whole or any portion of the amount due to him from the fund should be paid, and may at any time revise the certificate, and all certificates in force shall be duly recorded in the municipal office in a register which shall be under lock and key of the chairman or of the vice-chairman. The serial number assigned to a subscriber in this register shall be communicated to the subscriber and the head of his office for note in all subsequent bills and statements.

(b) In the event of the subscriber having a family, he shall not be permitted in his certificate to leave the amount of his accumulations or any part of it to any one outside his family. When a certificate purports to leave any amount otherwise than to a member or members of a subscriber's family, the chairman shall call upon the subscriber to state whether he has a family, and if it is found that he has one, the certificate shall not be accepted.

Explanation.—For the purposes of these rules, only the following survivors of a subscriber shall be held to constitute his family:—

(1) Widow or widows.

(2) Children.

(3) Widow or widows and children of a deceased son.

An adopted child shall be considered to be a child when under the personal law of the subscriber adoption is legally recognized as conferring the status of a natural child but in this case only.

Note 1.—The certificate being of the nature of a will will be exempt from stamp duty.

Note 2.—In cases in which it is not found feasible to execute the certificate in the presence of the head of the office it may be executed before a Executive Officer not below the rank of Deputy Tahsildar.

Note 3.—In cases where the account of a subscriber is closed during his life-time and he himself receives payment, the certificate of nomination may be returned to him and the fact recorded in the register of subscribers in the last column.

13. The amount standing to the credit of a subscriber in his Provident Fund account shall not in any way be capable of being assigned or charged and shall not be liable to attachment under any decree or order of any Civil, Revenue, or Criminal Court in respect of any debt or liability incurred by the subscriber and neither the Official Assignee nor any Receiver appointed under the Provincial Insolvency Act, 1920, shall be entitled to, or have any claim on, such amount.

14. The account of each subscriber shall be closed

(1) when he is dismissed from the service of the municipal council, or removed or called upon to resign on account of misconduct or inefficiency, or resigns without notice or permission, or in the case of a servant appointed on probation, if he is not confirmed at the end of the probation period; or

(2) when he retires from service or when his services are dispensed with owing to a reduction of establishment, or some cause other than his own misconduct, or when he becomes incapable of contributing to the fund by reason of his having been subsequently reduced to *inferior* service as defined in the Civil Service Regulations otherwise than for misconduct, or by reason of his permanent transfer from qualifying to non-qualifying service, or when he is permitted to resign under any circumstances other than those mentioned in clause (1) of this rule; or

(3) when he dies.

Note.—Subscribers who are reduced to inferior service as defined in the Civil Service Regulations, owing to their misconduct, shall be regarded for the purposes of this rule as having been dismissed from the posts carrying higher pay, and shall accordingly be dealt with under rule 21 (1).

15. When with the consent of a municipal council, a subscriber takes service under another local body, the amount to his credit in the provident fund of the former body shall be transferred to the provident fund of the latter. In the case of a teacher (c) who, with the consent of the municipal council which employs him, takes service in a school under another local body or in a school to which the Government Provident Fund scheme for teachers in non-pensionable service applies, or (b) who quits service in a school to which the Government Provident Fund scheme applies and takes up service under a municipal council, the amount at his credit shall be transferred to the fund applicable to the institution which he newly joins. The chairman,

the District Educational Officer and the Inspectress (in the case of girls' schools) concerned shall make arrangements for the transfer of funds and accounts.

In cases where the transfer of service from one municipal council to another local body is temporary the amount to the subscriber's credit need not be so transferred but the local body in which the service is temporary shall pay to the municipal council a contribution equivalent to the subscription paid by the subscriber to the provident fund of the municipal council during such temporary service.

16. Where a subscriber's account is closed either on the dismissal of the subscriber on any ground or on his resignation within five years of the commencement of his employment, the municipal council may withhold all or any part of the amount standing to his credit in the contribution account and pay him only the balance together with the amount deposited by him as subscription and the interest thereon,

Provided that all payments under this rule shall be subject to such recoveries as may be ordered by the chairman under rule 17.

NOTE 1.—When the account of a subscriber is closed the amount of his subscriptions with contribution and interest due up to the date on which his account is closed shall be paid to him by the chairman after credit entering subject to audit in the usual course along with the monthly accounts.

NOTE 2.—Subscriptions and contributions payable under this rule which are not claimed within six months shall be transferred to the head 'deposits' and dealt with under the rules applicable to 'deposits' generally. In the case of a subscriber's death the six months shall be calculated from the date on which a registered notice is sent to the prescribed form to the person or persons specified in the certificate referred to in rule 12.

NOTE 3.—If the recoveries to be made from a subscriber under rule 17 have not been ascertained on the date of closure of his account under rule 16 and delay in payment is caused thereby, interest shall be allowed to the subscriber until he is given intimation that the recoveries to be made from him have been ascertained and that he may receive payment of the amount due to him. No interest shall be payable after the date on which intimation is sent to the subscriber.

17. The chairman may, when the sum standing to the credit of the subscriber in the fund has become payable, recover and pay to the municipal council the amount of any claim which it may have against such subscriber, not exceeding in any case the total amount of any contributions credited to the account of the subscriber and of any interest or increment which has accrued on such contributions.

18. The chairman may grant temporary advances out of the subscriptions and interest thereon, subject to the conditions that the amount so advanced is limited to three months' pay and shall be repayable at the direction of the chairman in not less than 12 instalments or more than 24, and that the advances are limited to occasions when the pecuniary circumstances of a subscriber are such that the indulgence is absolutely necessary. The following may be recognized as legitimate occasions on which advances may be permitted :—

(*a*) to pay expenses incurred in connexion with the illness of the subscriber or a member of his family,

(*b*) to pay for the passage of any member of the subscriber's family coming from beyond the sea to join him or requiring to make a journey beyond the sea for some urgent cause,

(*c*) to pay expenses in connexion with the marriages, funerals or ceremonies, which by the religion of the subscriber it is incumbent upon him to perform, and in connexion with which it is obligatory that expenditure should be incurred.

NOTE 1.—When an advance is repaid, as regards principal, in twelve instalments a thirteenth instalment representing in amount and equivalent to 4 per cent of the amount of the advance shall be paid in the month following that in which the last instalment is paid. Similarly an additional instalment equivalent to 5 per cent of the total amount of the advance shall be paid when the advance is repaid in more than twelve instalments. In calculating interest as above a fraction of a rupee shall be taken at the next higher whole rupee if it exceeds 8 annas and shall be ignored, if it does not. The interest so levied shall be credited to the subscriber's account.

NOTE 2.—A fresh advance shall not accrue in very special cases be granted until the amount already advanced has been entirely repaid. The total amount outstanding at any time against each subscriber shall not exceed three months' pay.

19. At the end of each year, the account of each subscriber shall be credited with interest on his average balance during the year at such rate as may be fixed from time to time by the municipal council with the approval of the Examiner of Local Fund Accounts.

NOTE.—The rate has been fixed by Government at 4 per cent in the first instance and shall hold good until it is altered by the municipal council under this rule.

20. The securities held on behalf of the provident fund shall be valued for the purposes of the accounts of that fund at their face-value. When, on the closure of an account, securities have actually to be sold for meeting the liabilities of the fund and when the price fetched at the sale is less than their face-value, the difference shall be paid at once by the municipal council from its general funds to the credit of the provident fund.

NOTE.—Where, owing to the depreciation of 3 per cent and 3½ per cent Government securities, they have been converted into securities bearing interest at from 4 to 5½ per cent but for smaller face-value, the difference between the latter and the face-value of the original securities shall be made good at once from the general funds of the municipal council and invested in the same manner as assets of the provident fund.

21 (*a*) All interest earned on the securities in a year over and above what is payable to the subscribers shall, together with the contribution forfeited under rule 15, discounts on investments, if any, and other miscellaneous receipts, be credited to the head 'Miscellaneous'.

(*b*) If, in a particular year, the interest earned on securities is less than the amount payable to subscribers, the difference together with premia on investments, if any, shall be debited to this head,

(*c*) All charges incurred during the year on establishments shall be debited to this head,

(*d*) The balance available under this head shall lapse to the municipal council after reserving a sum equal to the probable amount of the debits referred to in clause (*c*) for the next three years.

(*e*) In case the difference referred to in clause (*b*) above is not covered by the balance under this head, the excess shall be adjusted to the provident fund from the general funds of the municipal council.

22. As soon as possible after the close of each year or when his account is transferred to another local body under rule 15 every subscriber shall be furnished with a statement in the form appended to these rules showing the amount of his credit inclusive of interest and contribution. Subscribers

shall satisfy themselves as to the correctness of these statements, and errors in them shall be brought to the notice of the chairman within one month from the date of their receipt.

23. The chairman shall cause to be kept a provident fund ledger of subscribers, an abstract register and a cash book for the transactions of the fund. The provident fund ledger and the abstract register shall be posted as regards receipts of subscriptions from the pay bills, or from the monthly statements and as regards advances from the paid vouchers concerned. At the end of the year interest and contribution shall be calculated on the account of each subscriber and the amounts posted in the respective columns against each subscriber. The totals shall then be made and the necessary entries made in the cash book. A transfer adjustment voucher shall, at the same time, be drawn up and passed by the chairman for credit of the total amount of contribution to the debit head 'Provident Fund' by debit to the service head 'Contributions to the Provident Fund,' and the adjustment included in the accounts of the year. In the case of subscribers' accounts closed during the course of the year, the same procedure shall be followed for the adjustment of the contribution as soon as the account is closed.

The cash book shall be opened every month with the closing balance of the previous month. The total amount of subscriptions realised shall be credited in one entry at the end of the month, but all other transactions shall be recorded as soon as they occur, care being taken to show the amounts in the proper columns. The cash book shall be balanced every month and the total net balance verified with that shown in the plus and minus memorandum against the head 'Provident Fund'. At the end of the year, if there is any surplus under the head 'Miscellaneous' to be transferred to the credit of the municipal council under rule 21, an adjustment voucher shall be drawn up and passed by the chairman debiting the head 'Provident Fund' by credit to 'Miscellaneous—Surpluses transferred from provident fund'. In the cash book it shall be shown as nobergo under 'Miscellaneous'. When the cash book has been closed the closing balances under the heads 'Subscriptions and contributions' shall be verified with the corresponding totals in the abstract register, while that shown under 'Investments' shall be verified with the Trust Accounts published by the Accountant-General in the *Fort St. George Gazette*, or by communication with that officer, in the case of investments made through him, with the certificates obtained under rule 19 in the case of investments made through the Accountant-General, Posts and Telegraphs, or with the actual certificates, etc., or acknowledgments thereof in the cases of other investments.

If any differences are noticed when effecting the reconciliations above referred to, steps shall be taken at once to find out the cause thereof and the necessary adjustments shall promptly be made.

The provident fund ledger, abstract register, cash book, register of subscribers and form and other records of the fund shall be examined monthly by the chairman and shall be reviewed every year by the Local Fund Inspecting Staff of the Examiner of Local Fund Accounts.

Note 5.—Except in the case of persons appointed on probation for a definite period, arrear subscription shall not, except with the sanction of Government, be collected for a period exceeding one year.

4. The provident fund shall be formed out of, and maintained by, (1) subscriptions from subscribers, (2) contributions from the District Board, and (3) interest derived from investments, or paid from the general funds of the District Board, etc.; and the District Board shall be the recipient and manager of the fund.

In cases where the transfer of service from one local board to another local body is temporary the amount to the subscriber's credit need not be so transferred but the local body in which the service is temporary shall pay to the district board a contribution equivalent to the subscription paid by the subscriber to the provident fund of the district board during such temporary service.

16. When a subscriber's account is closed either on the dismissal of the subscriber on any ground or on his resignation within five years of the commencement of his employment the local board may withhold all or any part of the amount standing to his credit in the contribution account and pay him only the balance together with the amount deposited by him as subscription and the interest thereon.

Provided that all payments under this rule shall be subject to such recoveries as may be ordered by the president under rule 17.

Note 1.—When the account of a subscriber is closed the amount of his subscriptions with contributions and interest dues up to the date on which his account is closed, shall be paid to him by the president after careful scrutiny subject to audit in the usual course along with the monthly accounts.

Note 2.—Subscriptions and contributions payable under this rule which are not claimed within six months shall be transferred to the head 'Deposits' and dealt with under the rules applicable to 'deposits' generally. In the case of a subscriber's death the sum due to him shall be calculated from the date on which a registered notice is sent to the prescribed payee in the person or persons specified in the certificate referred to in rule 12.

Note 3.—If the recoveries to be made from a subscriber under rule 17 have not been ascertained on the date of closure of his account under rule 21 and delay in payment is caused thereby, interest shall be allowed to the subscriber until he is given intimation that the recoveries to be made from him have been ascertained and that he may receive payment of the amount due to him. No interest shall be payable after the date on which intimation is sent to the subscriber.

17. The president may, when the sum standing to the credit of the subscriber in the fund has become payable, recover and pay to the local board the amount of any claim which it may have against such subscriber, not exceeding in any case the total amount of any contributions credited to the account of the subscriber and of any interest or increment which has accrued on such contributions.

18. The president may grant temporary advances out of the subscriptions and interest thereon, subject to the conditions that the amount so advanced is limited to three months' pay and shall be repayable at the discretion of the president in not less than 12 instalments or more than 24, and that the advances are limited to occasions when the pecuniary circumstances of a subscriber are such that the indulgence is absolutely necessary. The following may be recognized as legitimate occasions on which advances may be permitted :—

(*a*) to pay expenses incurred in connexion with the illness of the subscriber or a member of his family,

(*b*) to pay for the passage of any member of the subscriber's family coming from beyond the sea to join him or requiring to make a journey beyond the sea for some urgent cause,

(*c*) to pay expenses in connexion with the marriages, funerals or ceremonies, which by the religion of the subscriber it is incumbent upon him to perform, and in connexion with which it is obligatory that expenditure should be incurred.

Note 1.—When an advance is repaid, as regards principal, in twelve instalments a thirteenth instalment representing interest and equivalent to 3 per cent of the amount of the advance shall be paid in the month following that in which the last instalment is paid. Similarly an additional instalment equivalent to 6 per cent of the total amount of the advance shall be paid when the advance is repaid in more than twelve instalments. In calculating interest as above a fraction of a rupee shall be taken at the next higher whole rupee if it exceeds 8 annas and shall be ignored, if it does not. The interest so levied shall be credited to the subscriber's account.

Note 2.—A fresh withdrawal should not except in very special cases be granted until the amount already advanced has been entirely repaid. The total amount outstanding at any time against each subscriber shall not exceed three months pay.

19. At the end of each year, the account of each subscriber shall be credited with interest on his average balance during the year at such rate as may be fixed from time to time by the local board with the approval of the Examiner of Local Fund Accounts.

Note.—The rate has been fixed by Government at 6 per cent in the first instance and shall hold good until it is altered by the local board under this rule.

20. The securities held on behalf of the provident fund shall be valued for the purposes of the accounts of that fund at their face-value. When, on the closure of an account, securities have actually to be sold for meeting the liabilities of the fund and when the price fetched at the sale is less than their face-value, the difference shall be paid at once by the local board from its general funds to the credit of the provident fund.

Note.—Where, owing to the depreciation of 3 per cent and 3½ per cent Government securities, they have been converted into securities bearing interest at from 4 to 5½ per cent but for smaller face-value, the difference between the ledger and the face-value of the original securities shall be made good at once from the general funds of the local board and invested in the same manner as deaths of the provident fund.

21. (*a*) All interest earned on the securities in a year over and above what is payable to the subscribers shall, together with the contribution forfeited under rule 16, discounts on investments, if any, and other miscellaneous receipts, be credited to the head 'Miscellaneous.'

(*b*) If, in a particular year, the interest earned on securities is less than the amount payable to subscribers, the difference together with premia on investments, if any, shall be debited to this head.

(*c*) All charges incurred during the year on establishments shall be debited to this head.

(*d*) The balance available under this head shall lapse to the district board after reserving a sum equal to the probable amount of the debits referred to in clause (*c*) for the next three years.

(*e*) In case the difference referred to in clause (*b*) above is not covered by the balance under this head, the excess shall be adjusted to the provident fund from the general funds of the district board.

22. As soon as possible after the close of each year or when his account is transferred to another local body under rule 15 every subscriber shall be furnished with a statement in the form appended to these rules showing the amount at his credit inclusive of interest and contribution. Subscribers shall satisfy themselves as to the correctness of these statements, and errors in them shall be brought to the notice of the president within one month from the date of their receipt.

23. The president shall cause to be kept a provident fund ledger of subscribers, an abstract register and a cash book for the transactions of the fund. The provident fund ledger and the abstract register shall be posted as regards receipts of subscriptions from the pay bills, or from the monthly statements and as regards advances from the paid vouchers concerned. At the end of the year interest and contribution shall be calculated on the amount of each subscriber the amounts posted in the respective columns against each subscriber. The totals shall then be made and the necessary entries made in the cash book. A transfer adjustment voucher shall at the same time, be drawn up and passed by the president for credit of the total amount of contribution to the debt head 'Provident Fund' by debit to the service head 'Contributions to the Provident Fund' and the adjustment included in the accounts of the year. In the case of subscribers' accounts closed during the course of the

year, the same procedure shall be followed for the adjustment of the contribution as soon as the account is closed.

The cash book shall be opened every month with the closing balance of the previous month. The total amount of subscriptions realized shall be credited in one entry at the end of the month, but all other transactions shall be recorded as soon as they occur, care being taken to show the amounts in the proper columns. The cash book shall be balanced every month and the total net balance verified with that shown in the plus and minus memorandum against the head 'Provident Fund.' At the end of the year, if there is any surplus under the head 'Miscellaneous' to be transferred to the credit of the district board under rule 21, an adjustment voucher shall be drawn up and passed by the president debiting the head 'Provident Fund' by credit to 'Miscellaneous—Surpluses transferred from Provident Fund'. In the cash book it will be shown as a charge under 'Miscellaneous.' When the cash book has been closed, the closing balances under the heads 'Subscriptions and contributions' shall be verified with the corresponding totals in the abstract register, while that shown under 'Investments' shall be verified with the Trust Accounts published by the Accountant-General in the *Fort St. George Gazette*, or by communication with that officer, in the case of investments made through him, with the certificates obtained under rule 20 in the case of investments made through the Accountant-General, Posts and Telegraphs, or with the actual certificates, etc., on acknowledgments thereof in the cases of other investments.

If any differences are noticed when effecting the reconciliations above referred to, steps shall be taken at once to find out the cause thereof and the necessary adjustments shall promptly be made.

The provident fund ledger, abstract register, cash book, register of subscribers and heirs and other records of the fund shall be examined monthly by the president and shall be reviewed every year by the Local Fund Inspecting Staff of the Examiner of Local Fund Accounts.
